

CHANGED TRAFFIC CONDITIONS

FROM 9PM FRIDAY 5 – 6AM MONDAY 8 MAY

WHAT'S HAPPENING?

While Metro maintenance works take place on the Sandringham Line, there will be changes to traffic conditions.

During this time Stephenson Street will be blocked off from Dover Street to Gwynne Street and along Dunn Street to White Street. Balmain Street will also be blocked off between Stephenson Street and Green Street (as indicated on the map). There will be detours and traffic management in place.

This arrangement has been accepted by the local council.

We thank you in advance for your understanding during these works.
