

Car parking changes at Frankston Station

From 9.30 pm Friday 9 March to end of November 2018

We are building your new Frankston Station.

Due to construction activities in and around the station, up to 118 car spaces will be closed in the Fletcher Road car park.

To ensure no loss of parking for rail passengers during construction, alternative all-day parking has been provided in the Playne/ Young Street car park, just 400m from Frankston Station.

For your safety, please observe any signage and instructions put in place during these works.
