

Appendix 1. Signals Rail Safety Worker Competence, Signalling, Control Systems and Communications Roles Matrix , Version 6.3, May 2018

Classifications National Unit Of Competency (Unit code and descriptor) and other Essential Education, Training and Evidence Requirements	Signal Principles Design Engineer	Signal Senior Design Engineer	Signal Design Engineer	Signal Designer	Signal Assistant Designer	Signal Construction Senior Engineer	Signal Construction Engineer	Signal Construction Supervisor / Team Leader	Signal Constructor	Signal Assistant Constructor	Signal Senior Maintenance Engineer	Signal Maintenance Engineer	Signal Maintenance Supervisor / Team Leader	Signal Maintainer	Signal Assistant Maintainer	Signal Principles Test Engineer	Signal Senior Test Engineer	Signal Test Engineer	Signal Tester	Signal Assistant Tester	Control Systems & Comms Senior Engineer	Control Systems & Comms Engineer	Control Systems & Comms Technician	Control Systems & Comms Assistant Technician	Signal Project Manager	Signal Project Engineer	Tester in charge (12)	OCS Technical Officer	Mentor	Subject Matter Expert(SME)-Signal Design	Subject Matter Expert(SME)-Signal Construct	Subject Matter Expert(SME)-Signal Maintain	Subject Matter Expert(SME)-Signal Test	Subject Matter Expert(SME)-C.S&C	Subject Matter Expert(SME)-Signal Project	Signals Assessor				
	Design Role					Construct Role					Maintain Role					Test Role					Control Systems / Comms Role				Project Role		TIC	C.S&C	Mentor	Subject Matter Expert (SME)						NA				
SoC Form Number (L4-LED-FOR-XXX - with XXX being the number in the matrix) (3)	005	072	055	056	057	062	063	064	065	060	007	066	067	068	069	006	073	053	008	054	070	061	071	059	077	078	006/007/008/053/061/066/067/070	N/A	N/A	N/A	N/A	N/A	N/A	N/A	N/A	N/A	N/A			
Completion of Self Assessed SoC (5)	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X													
Formal training evidence (7)					*					*					*				*					*																
Signals Course. Metro Safety Leadership	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X		
Certificate III - Electro technology Electrician UEE30807 or Electrical Trade (6)								~	~				~	~		~	~	~	~			~	~	~																
Certificate III in Relevant Field (i.e.. Construction, Mechanical or Mechanical Trade)								*	*	*			~	~	*																									
Electrician's Licence (6)								~	~				~	~		~	~	~	~			~	~	~																
Certificate IV Electrical - Rail Signalling				*	*			*	*	*			X	X	*				*	*			*	*																
Certificate IV in Relevant Field (8)				*	*			*	*	*					*				*	*			*	*																
Graduate Certificate - Rail Signalling & Telecommunications				*	*			*	*	*					*				*	*			*	*																
Diploma/Graduate Diploma/Advanced Diploma in Relevant Field				*	*			*	*	*					*				*	*			*	*		*	*													
More than 10 years experience must be a MIRSE OR hold a current and relevant IRSE Licence (18)	*	*	*			*	*				*	*				*	*	*			*	*		*	*															
Must hold a minimum membership grade of AMIRSE within the IRSE																									X	X														
Bachelor of Engineering (Science, Electrical, Mechanical or Information Technology)	*	*	*			*	*				*	*				*	*	*			*	*		*	*		*	*												
Metro Standards Induction in the specific 'Role' (13)	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X		
Tester in Charge (1) (12)											~	~	~	~		~	~	~	~		~	~	~			X														
Resume / CV	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X		
Work Experience Record (WER) / Log Book	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X		
Assessed SOC specific for the Role	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X		
Assessed SOC Signal Construct																																								
Assessed SOC Signal Design																																								
Assessed SOC Signal Maintain																																								
Assessed SOC Signal Test																																								
Assessed SOC Control Systems and Comms																																								
Assessed SOC Signal Project																																								
CERT IV TAE - Assessor Units (4)																																								
Metro Signals Letter of Authorisation for the Role -TIC																											X (2)													
Metro Signals Letter of Authorisation for the Role -SME																																								
Metro Signals Letter of Authorisation for the Role -Mentor																																								
Metro Signals Letter of Authorisation for the Role - Assessor																																								
Associate Diploma in Electronics																																								
Cabler Registration (10)																																								
Private Security Individual Registration (11)																																								
Roles	Design Role					Construction Role					Maintenance Role					Test Role					Control Systems / Comms Role				Project Role		TIC	C.S&C	Mentor	Subject Matter Expert (SME)						NA				
Indicative years of relevant industry experience for those RSW's with formal qualifications. (Note. This may include on the job training)	10	10	5	3	<3	10	5	5	3	<3	10	5	5	3	<3	10	10	5	3	<3	10	5	3	<3	5	5	N/A	N/A	N/A	N/A	N/A	N/A	N/A	N/A	N/A	N/A	N/A	N/A		

Notes:

- Refer Signals RSW Competence procedure section 6.10 , In addition if you are assessed against the TIC and SME requirement the SoC must also be uploaded into this area within Onsite.
- The Metro Letter of Authorisation/ Qualification Equivalence Certificate for the role can only be issued by Metro after RSW information has been loaded within Onsite and approved by Assessor, then sent to Metro for endorsement
- Refer www.metrotrains.com.au/academy for all signal competency forms, supporting documentation, Metro updates and competency information.
- Refer Signals RSW Competence procedure section 15.7 for further clarification.
- Refer Signals RSW Competence Procedure section 15.3 - Process Flow - Step 2 for further clarification.
- Required where ESV regulations apply.
- This role now supports RSW's who have commenced formal training but are yet to complete it. RSW's wishing to comply with any of these Assistant Roles must upload evidence from the Registered Training Organisation where they are enrolled that demonstrates formal training has commenced.
- The following will be acceptable equivalents, UEE41211 Cert IV in Electrical – Rail Signalling, 21730VIC Cert IV in Rail and Tram signal systems, UTE40499 Cert IV in Electro technology – Computer Systems (Spec in Control) and PTC Signal Maintenance Technician Course (certificate).
- If a unit code or title that you hold differs slightly to that listed on the Matrix please contact Competencies@metrotrains.com.au for clarification.
- Competencies must be obtained for Structured Cabling, Optical Fibre, Coaxial, Underground, & Aerial per ACMA requirements.
- Victoria Police issued registration, required by anyone who installs or advises on security matters, for MTM this covers anyone who installs / maintains or advises on security systems, CCTV system, access control systems. A police check is required to obtain this registration.
- TIC must have a proficiency level of 3 in the "test" section of the test SoC, and minimum level 2 in all other areas of the assessed test SOC and must be signed by SME & Assessor & the applicant
- Metro Standards induction specific to the RSW "Role", exception for Project Manager and Project Engineer Roles and induction shall only be the " Signal Construction" induction. All induction forms are available from Metro academy website

General Notes:

- Any RSW on this matrix entering or working within Metro's rail corridor will need to select the Around The Track Person role and the Metro Operator role and be compliant with these competency requirements before entering the corridor.
- For engineering and other qualifications gained other than in Australia, it is the responsibility of the RSW to obtain acceptance by an Engineering Body that the qualifications are acceptable for use within Australia (Engineers Australia or other)
- RSW's that are not working within the Mero rail corridor do not require the roles of "Metro rail operator" or "around the track"
- Checklist for the Role (L4-CHE-FOR-XXX-with XXX being the number for the role) must be completed and retained by the RSW & the Assessor - refer to footnote (3) for more information.
- Accepted on a case by case basis by MTM Head of Engineering-Signals

Matrix Codes

X Mandatory - Refer * or ~ for options and conditional requirements * One of these options must be provided as required in the column ~ Conditional - based on the type of work being undertaken
